U.S. State Department Records Relating to Sub-Saharan Africa
UC Berkeley Library

The following lists United States State Department records filmed from National Archives holdings in Washington, D.C. that are currently held in the Main Library at U.C. Berkeley. A general reel guide to these collections is shelved as J69 A57 1974. Where available, call number and location of guides for individual sets of records have been given after the call number of the film. In addition, descriptive pamphlets of National Archives microfilms which are not presently available in the Library can be found under the call number CD3022.A2x, arranged by the M or T number assigned to the microfilm. The films are available in the Newspaper/Microform Room.
