**Find Research Literature & More for the JMP**

**Encyclopedias and Textbooks**
- AccessMedicine
- AccessBiomedical Science

**Books and Handbooks**
- Thieme Library

**Clinical Decision Support Sources**
- DynaMed Plus
- UpToDate

**Drug Information**
- Micromedex
- Lexicomp
- Merck Index

**Journal and Research Articles**
- Clinics of North America series

**Examples**
- AccessMedicine, AccessBiomedical Science
- Thieme Library

**Berkeley**
- Search the OskiCat catalog at oskicat.berkeley.edu.
- Find course reserves at oskicat.berkeley.edu/search/r
- Request book delivery to any UCB library through the Request button in OskiCat records.
- Search throughout UC System Libraries with Melvyl at berkeley.worldcat.org. Use the Request button for delivery to UC Berkeley.
- To preview book content, search Google Books at books.google.com. Use the Find in a library link for a copy near you.

**UCSF**
- Search the UCSF Catalog at ucsfcat.library.ucsf.edu.
- Visit library.ucsf.edu. Select from Popular Resources.
- For more sources, search ucsfcat.library.ucsf.edu.

**Connect from off campus**
- UC Berkeley Library
  - Set up the Library Proxy or VPN on your computer. Directions at bit.ly/1o6MQdd.
- UCSF Library
  - Start your search from the UCSF Library website. When prompted, login with your MyAccess account. More options at bit.ly/1FM7UhM.

**When Berkeley does not have an item**
- Request an interlibrary loan via UC-eLinks or at www.lib.berkeley.edu/ilb.

**Advanced library directions**
- UC Berkeley Library Guide
  - guides.lib.berkeley.edu/jmp
- UCSF Library Guide
  - guides.ucsf.edu/jmp_ucsf

**Help is available**
- Michael Sholinbeck Librarian
  - msholinb@library.berkeley.edu

**Search by topic or author**
- Use article databases including:
  - PubMed at ucblib.link/pubmed
  - Embase
  - Google Scholar
  - Scopus
- Databases are available through guides.lib.berkeley.edu/az.php.
  - In the search results, select the UC-eLinks button to check for a copy of the article.

**Find a copy from a citation**
- For biomedical topics:
  1. Search for the article title in the Berkeley version of PubMed at uclibs.org/PID/17708.
  2. Click the UC-eLinks button next to a citation to check for a copy of the article.
  3. If no online copy is available, check for a print version. Search oskicat.berkeley.edu for the journal title.
- For non-biomedical topics:
  - Search scholar.google.com or another database for the article title
  - Search oskicat.berkeley.edu for the journal title.

**Examples**
- Search the OskiCat catalog at oskicat.berkeley.edu.
  - Find course reserves at oskicat.berkeley.edu/search/r
  - Request book delivery to any UCB library through the Request button in OskiCat records.
  - Search throughout UC System Libraries with Melvyl at berkeley.worldcat.org. Use the Request button for delivery to UC Berkeley.
  - To preview book content, search Google Books at books.google.com. Use the Find in a library link for a copy near you.
